

Global Combat Systems Bulletin

Appointment Notice Readiness & Sustainment Director

I am pleased to announce the appointment of Lisa Owen as Readiness & Sustainment Director for the Global Combat Systems Vehicles business, initially based in Newcastle. Lisa will report directly to me.

Lisa joins us from the Land & Armaments Security & Survivability business where she is Vice President & General Manager Tensylon High Performance Materials Inc.

Experienced in growing business and customer relationships on a global basis, Lisa joined BAE Systems through the Armor Holdings acquisition. Before that she held global leadership roles in NatureWorks LLC and Honeywell.

Lisa has a Bachelors degree in Chemical Engineering and a Masters in Business Administration.

Lisa will join Global Combat Systems Vehicles during August and will relocate to the UK from the USA once the necessary visa documentation is complete.

Please join me in welcoming Lisa into the Vehicles business.

Jan Söderström
Managing Director
